PRE-CERTIFICATION TRAINING

AGENDA

*Study Material

OA =Oregon Addendum

CORE = National Core Manual

Tips for Success

- Follow along with lectures and use the manuals (or at least know where to find things)
- Engage in discussions and activities
- Write down points that still need clarification
- Respect your own learning style
- Respect other's approach and opinions
- Allow time for the concepts to 'sink in'
- Remember that you have access to all of this information via our free e-learning course, but you will have to progress through it 'in order' – use QR code below to register (not required though)
- Relax and enjoy learning – you are becoming a responsible, informed applicator and that is a valuable skill!
